610 W. Ocean Hwy, Unit B, Supply, NC 28462

Come out help us celebrate our grand opening, meet our crews, allow us to show you the PTS difference!

Pender Transport Service Division of Pender EMS & Fire Expands Into Brunswick County

In June 2015, Pender Transport Service was selected by Brunswick County Commissioners to provide non-emergency transportation services within Brunswick County starting July 1st 2015. Due to this expansion, Pender Transport Service now has a satellite office located in Supply, NC. This office is staffed with crews to provide round the clock non-emergency transport services to those in need. Pender Transport Service takes great pride in their reputation for providing efficient, on-time first-class medical transportation with a highly skilled and trained staff. Pender Transport Service also offers in-service programs to healthcare facilities, at their site, upon request. Face-to-face meetings are also available with patients & healthcare staff who wish to inquire about our services and capabilities in greater detail.

To schedule a meeting or an in-service please email Public Relations Representative Connie Lowe at marketing@penderems.com.

The staff at Pender Transport Service is excited about this expansion and we look forward to serving the citizens of Brunswick County!
